DETAILED ACTION

The amendment filed on 4/3/2006 has been entered. Claims 9, 17, and 34 have been canceled. Claims 1-8, 10-16, 18-33, and 35-49 remain for examination. The Terminal Disclaimer filed on 4/3/2006 has been approved. The decision on the petition on 6/11/2008 has been entered.

Specification

The abstract of the disclosure is objected to because the continuation data has not been updated to reflect the status of this re-issue application. Correction is required. See MPEP § 608.01(b).

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 10, 18, and 35 depend on canceled claims 9, 17 and 34 respectively. There is insufficient antecedent basis for this limitation in these claims. Corrections are respectfully required.

Allowable Subject Matter

Claims 1-8, 11-16, 19-33, and 36-49 are allowed.

Claims 10, 18, 35 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

The following is a statement of reasons for the indication of allowable subject matter: The prior art discloses various optical scanning systems. However, the prior art fails to disclose a scanning device having a combination of specific limitations in the manner as recited in claim 1. The prior art also fails to disclose the limitations of claims 16 and 31.
